[About](#)

This website is dedicated to the musical artists who create video game remixes, parody, and chiptune. Created for video game fans by video game fans, we wanted to make a website that you could just open listen to some fantastic music and do whatever you want. Whether it's listening to music for studying for your next exam, listening for a long car trip, or just jamming out; our website has you covered.

If you don't see an artist on here that you think should be heard let us know.
